

What to Do if You Lose Your Pet

1. Contact local animal shelters and animal control agencies.
2. Personally check your local shelter(s) every day instead of calling.
3. If your pet is microchipped, make sure your contact info is up-to-date.
4. Place a "Lost " ad in your local newspaper the very first morning your pet is gone.
5. Walk or drive through your neighborhood several times each day.
6. Post notices at grocery stores, community centers, veterinary offices, traffic intersections, pet supply stores and other locations.
7. Put your shoes and worn clothes outside where the dog went missing from and at home since dogs can smell their humans' scent up to 11 miles away.
8. Call local radio stations. Some radio stations will broadcast lost pet information for free.
9. Call all animal control agencies in your town and surrounding areas.
10. Watch the found ads.
